The Clinical Trials Training Day

Date: Saturday, 23 May 2026

Time: 10:00 PM – 3:00 PM

Venue: TEEC, Ain Shams University Hospitals

Workshop Overview

Building on independent pre-workshop reading, participants engage in collaborative peer discussion.

Format: Flipped classroom — self-study + peer discussion + expert synthesis

Learning Objectives

By the end of this workshop, participants will be able to:

- Recap of the principles of designing a clinical trial
- Learn how to properly and accurately calculate the sample size
- Learn how to perform different types of randomization
- Apply a systematic framework to critically appraise clinical trials
- Evaluate research reporting quality

Pre-Workshop Preparation:

Participants are expected to

Mandatory:

1. Complete the clinical trial material (both the video recordings and the book chapters)
2. Assess the attached manuscript for methodological flows.

Optional

1. Bring a laptop with Rstudio installed.
